RE: Four Day Work Week

Dear Tim:

I have recently been contacted by many Local 420 Service Mechanics, regarding the optional four day work week. During the past several months, we have agreed to let many Service Contractors implement a reduced work schedule.

Now that the summer cooling season is upon us, the Members ***no longer*** want to continue with the reduced schedules.

We know that the Contractors have tried to keep many of our Members working during these difficult economic times, but effective ***May 01, 2010*** the reduced work week will end.

Please notify all of your Members, accordingly. Should anyone have any questions, please have them contact me on my cell at 215-370-2881.

Sincerely,

Frank Bellosi
Business Agent
